

FISHERIES COMMISSION
BREAKS COLLECTION RECORDS

Commissioner Parsons Sends Gratifying Report on Oyster Industry to Governor Stuart.

The State Fisheries Commission has broken all records in the total collections made by that department for one year. The oyster revenues for the year ended September 30, amounted to \$85,400. The total of collections in the preceding year was \$76,702.25.

This gratifying report was made yesterday to Governor Stuart by Commissioner John S. Parsons in a formal communication intended as a forecast of the official report of the Commission of Fisheries, which will come later in the year.

Writing from Norfolk under date of October 1, Commissioner Parsons says: "I am glad to be able to inform you in advance of the Commission's official report, that the oyster revenues for the year ending September 30, 1914, is something over \$85,400, which is the largest sum ever collected by this department in any twelve consecutive months. The collections in September this year were something over \$25,400, a considerable increase over the preceding September collections. The collections for the year ending September 30, 1913, amounted to \$76,702.25.

"It is also gratifying to report that the increase in collections has taken place in the seven months that the present Commission has been in office, and moreover, that the great bulk of the increase comes from districts in which the official reports of the Commission indicate that the changes made were proper."

WANT LOCAL CONCERN TO
MANUFACTURE SHELLS

Tredgar Iron Works, However, Declines All Orders From North for War Material.

Government contracts are keeping the Tredgar Iron Works operating almost at its full capacity, and although numerous orders have been received, the plant has declined to take orders for shells, shrapnel and other war materials designed for the use of European armies now engaged in battle. These offers have been received several times in the last few months. In the North, but all proposals have been rejected.

The Tredgar Company is one of the oldest concerns of its kind in the United States. It was established nearly eighty years ago. Long before the Civil War it was engaged in the building of locomotives, engines and boilers for United States frigates and guns for national fortifications. During the war it was the chief plant for the manufacture of arms and ammunition for the Confederate government, and since that time has done much work for the United States government.

At the present time the company is busily engaged in filling a large order for shells for the government, and is operating night and day.

An officer of the company said yesterday that the concern had rejected liberal proposals, as it now has enough work to run for a considerable time.

"We were forced to decline on that account," he said. "Then again, there was a possible chance of getting entangled with the neutrality laws, and we do not intend to violate them, even in spirit. We have all we can handle, and we continue to keep clear of entangling alliances."

Governor at Gettysburg.

Governor Stuart left yesterday morning for Gettysburg to attend a picnic to which he was invited some time ago. He will return home this evening.

Formal Opening of College.

Exercises incident to the opening of the first session of the College of Agriculture will be held on Tuesday morning in the college auditorium. The exercises will begin at 10 o'clock, with President F. W. Wright presiding. Visitors will be given an opportunity to inspect the buildings of Richmond and Westhampton Colleges which make up the big co-ordinate institution.

Woman Goes to Jail.

Kate Brown, 35 years old, was yesterday sentenced to fifteen days in jail by Justice Crutcher on a charge of stealing a pair of hose, a pair of cuff buttons and a tie from the Cohen Company.

How Famous Actresses
Banish Superfluous Hair

Betty Lorraine, the popular actress who won fame in "The Little Girl in the Big Shoes," writes: "Artificial women are now using a remarkable prescription that acts like magic. It is Mrs. Osgood's Wonder. Unlike the electric needle, it can be used with perfect safety. Unlike electrolysis, it doesn't burn the skin. I used it first over a year ago, and have not had a trace of superfluous hair since."

Mrs. Osgood's Wonder is quite inexpensive and is sold by Tragle Drug Co. and other up-to-date drug stores. Signed Money-Back Guarantee in every package. Advertisement.

ORDINANCE TO REGULATE
COLLECTION OF TAXES

Council Will Take Up Measure Growing Out of Annexation of New Territory.

Many matters of public interest will come up for discussion to-morrow night at the monthly meeting of the Common Council. Among them is an ordinance regulating the collection of taxes in the annexed territory after November 5. The proposed ordinance, as recommended by the Finance Committee, follows:

"An ordinance to require all taxes and licenses assessed by the towns of Glinter Park, North Richmond, Barton Heights and Highland Park for the year 1914, and all such taxes and licenses assessed by the said towns for any year previous to 1914 remaining delinquent and unpaid, to be paid to the proper collecting officers of the city of Richmond in the City Hall, on or after November 5, 1914, without the imposition of any penalty for non-payment of taxes and licenses for the year 1914, if paid previous to January 1, 1915, and to require all evidences of debt, books, records and other town or any agent thereof, to be turned over to the proper officers of the city of Richmond on the fifth day of November, 1914."

Important ordinance to be considered is one requiring hospital authorities to report all cases of injury of a police nature which may be treated in their institutions. This report is to facilitate the work of the Police Department. A substitute ordinance to amend the segregation law, in order to keep a colored congregation from using Immanuel Baptist Church, at Fifth and Leigh streets, will be reported, as will an ordinance adopting a civic flag for the city.

SUFFRAGISTS IN EVIDENCE
DURING WEEK AT FAIR

Literature Will Be Distributed and New Publication Will Make First Appearance.

Equal suffragists will be much in evidence this week at the State Fair, where a booth will be opened in the Industrial Hall. Mrs. C. V. Meredith will be in charge. Here quantities of suffrage literature will be distributed, and the first edition of the Virginia Suffrage News will make its appearance.

Mrs. G. Harvey Clarke is editor of the new publication, and Mrs. Alice Overbey Taylor, managing editor. Contributing editors are as follows: Mrs. Kate Waller Barrett, president of the National Florence Crittenton Mission; Mrs. Kate Langley Beyer, Miss Mary Johnston, Mrs. Emma Speed Sampson, Mrs. Sally Nelson Robins, Carter Wormeley and Miss Cally Rynd. The News will record suffrage events of the world and of national interest, but will be especially devoted to the details of the movement in Virginia.

A feature of the participation of the suffragists in the fair will be addresses each day at noon from the speaker's stand, near the Industrial Hall.

The days and those who will speak are as follows:

Tuesday—Rev. J. J. Wicker, pastor of Leigh Street Baptist Church.

Wednesday—Rev. John Roach Stratton, of Baltimore. Mrs. Katharine Houghton Hepburn, president of the Equal Suffrage League of Connecticut, will also speak on Wednesday.

Thursday—Rev. J. M. Rowland, D. D., pastor of the Laurel Street Methodist Church.

Friday—Rev. W. A. Cooper, pastor of Central Methodist Church, and Rev. L. C. Moore, pastor of the West End Memorial Methodist Church.

When You Want
to Laugh---Eat!

And If You Want to Eat Without Food
Fears Take a Stuart's Dyspepsia
Tablet After Each Meal.

Laughter, smiles and mirth never go with a "caved-in" stomach. Fancy a man afraid of his food laughing! There is always that haunting feeling that a sick stomach is nothing to be mirthful about.

"My old grouchy days are funny to me now."

Just make up your mind to help nature help herself. Give your body a chance to make good. Heal the raw edges of your stomach and give your blood the tools to make digestive fluids with.

There is only one way to make the body well—give it the chance to make itself well. Harmful and strong medicines handicap the system. Stuart's Dyspepsia Tablets go into the stomach and just like food. They are dissolved, and there they strengthen the weakened juices of the digestive apparatus until the digestion is made normal.

There is nothing mysterious or magical about them. Science has proved that certain ingredients make up the digestive juices. Stuart's Dyspepsia Tablets are these concentrated ingredients—that is all there is to it. One grain of a certain ingredient contained in Stuart's Dyspepsia Tablets will digest 3,000 grains of food. This illustrates how you can restore her worn-out materials. When a stomach which is filled with food receives a Stuart's Dyspepsia Tablet, it is more able to digest the food than it would be without it. The work is not so hard nor the task so long.

When the meal is finally assimilated the entire system absorbs more nourishment and harmful food effects are eliminated easily and with the maximum of benefit.

Every drug store carries Stuart's Dyspepsia Tablets, and any one wishing a free trial of these tablets please address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich., and a small sample package will be mailed free. Advertisement.

Good-by Truss Forever

The "Schuiling Rupture Lock"

A wonderful, modern, up-to-date invention for Rupture
Has cured many apparently hopeless cases

SENT YOU ON 30 DAYS' TRIAL 30 DAYS IS THE TRIAL PERIOD

That's the way we want you to try our Rupture Lock. A few days trial can never bring out the merits of an article. We insist on a 30 day trial. Then you will appreciate what a perfect Rupture Locking device it is. If it does not prove all we claim, return it. If you return it, it will not cost you a cent.

Away With Never-Holding, Cumber-some, Out-of-Date Trusses

A wonderful scientific Rupture Lock has taken the place of the old-fashioned health destroying truss. No more unsanitary leg straps, cruel springs, gouging pads or elastic sweat harnesses. It must be joyful news to know that you can do away with harmful devices (that should have no place in this enlightened 20th century), and put on this Schuiling Rupture Lock, that is daily relieving and curing rupture sufferers in every part of our country.

THE SCHUILING RUPTURE LOCK is the outcome of years of study, hard work and diligent research. It is away from the old lines of truss construction, and holds the bowel in the abdomen (where it belongs) with firm, steady and soothing pressure, such as Nature requires.

The Real Secret of Healing Rupture

To successfully co-operate with Nature in the work of healing, the supporting device must be so constructed that the rupture retaining part overlaps and draws together the breached opening instead of pressing directly into it.

The trusses of to-day are sadly lacking in this quality. They nearly all give that direct pressure into the opening, which can not help but enlarge it, making it that much harder to retain the bowel later on, resulting in uncontrollable rupture with serious complications.

The Schuiling Rupture Lock was invented to overcome just such faults. It is made to comply with Nature's laws and reach the objective point by the shortest and shortest possible route. This is the Rupture Lock that you get on a 30 Day Trial.

Write for My Free Book At Once

It tells you all about getting rid of your rupture. It tells you with interesting experiences of former rupture sufferers. It tells why physicians are recommending this Rupture Lock instead of advising dangerous operations. It tells you why the U. S. War Department orders this Rupture Lock for the gallant boys of '61. It gives you much advice and many facts about rupture that you never heard or read about, also tells you how to order the 30 Days Trial.

Send me the coupon, or, still easier, just drop me a postal card with your full address, and the book will be sent you promptly by return mail.

FEW MINUTES! NO INDIGESTION, GAS,
SOUR STOMACH—PAPE'S DIAPEPSIN

Digests all food, absorbs gases and stops fermentation at once.

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps, your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take Pape's Diapepsin, and in five minutes you will wonder what became of the indigestion and distress. Millions of men and women to-day know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps the stomach regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It is truly wonderful—it digests food and sets things straight, so gently and easily that it is astonishing. Please don't go on and on with a weak, disordered stomach; it's so unnecessary. Every Week is Happy Week!

By unanimous vote of the mothers, fathers, sisters and brothers of this good old town every week is to be "Happy Week." They have all tried EATMOR—the "perfect" bread—because it is still 5 cents a loaf while flour is "up in the clouds."

Having tried EATMOR, they have found it so deliciously superior to any bread they ever ate—bakery or home-made—that they will never eat any bread but EATMOR.

Mother is happy because she is saved the bother of home-baking. Father is happy because he is saved the extra cost. Sister and brother say they never had such bread before, so they eat more wholesome, nutritious bread and less harmful trash.

Have you tried EATMOR?

Altho flour is selling at war prices, delicious, tasty EATMOR is still 5 cents a loaf. Nobody with any thought of economy thinks of baking bread now.

Order EATMOR of your grocer today. You will find it so good that never again will you care to worry with baking.

Look for the EATMOR label.
